EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Leung, Chun-Pok on Sept. 01, 2004.

2. The application has been amended as follows:

In the Claims:

Regarding claim 11, line 9, "an" is changed to --a-- before "first annular";

Regarding claim 11, line 11, insert --;-- after "upon the velocity";

Regarding claim 11, line 13, "an" is changed to --a-- before "second annular";

Allowable Subject Matter

3. Claims 1-5, 7-12 & 14-23 are allowed [renumbered as 1-21].

4. The following is a statement of reasons for the indication of allowable subject matter:

There is no prior art that shows the claimed graphical display for motor vehicles comprising a first graphical display portion having a first annular structure that appears to resolve about a fixed axis and displays the current speed indication on the first annular structure, a second graphical display portion having a second annular structure that appears to resolve about a fixed axis and displays the second speed indication on the second annular structure, wherein a diameter of the first annular structure is larger than a diameter of the second annular structure, lower speed values appear on the first graphical display portion as the first annular structure appear on the first graphical display portion as the first annular structure appears to resolve in a first direction, and higher speed values appear on the first graphical display portion as the first annular structure appears to resolve in a second direction, lower speed values appear on the second graphical display portion as the second annular structure appears to resolve in the first direction, and higher speed values appear on the second graphical display portion as the second annular structure appears to resolve in the second direction and the first annular structure and the second annular structure appear to resolve at the same rotational speed.

Art Unit: 2636

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
